**Play Sculptures
Inspired by Nature**

All Ages & Abilities

Australian Made

Create a point of difference to interest visitors with

Raw's soft curves and variety of **textures**.

Simultaneously entertain children using the same modern appeal only for a different reason ... play. Experience play such as Climbing, Swinging, Twirling, Spinning and

Sliding along with passive Role Play. Add a **sensory**

experience for all ages and abilities using the sense of touch with temperature and surface texture differences between the stone and steel.

RAW-1053
Area: 19.2m²
Perimeter: 16m
Fall Height: 1.05m
Max Height: 1.05m
Site Area: 4m x 5.8m

To fulfill the design philosophy of Raw and to embrace nature's beauty, basic/raw materials are used. Hot Dipped Galvanised steel is a high quality coating durable enough to withstand harsh coastal conditions and left raw gives a great rustic, **contemporary** look. Shaped and smoothed by water over millions of years, natural stone is the ultimate choice with an undeniable **organic** presence.
